DIRECTOR'S MESSAGE

Dear Students, GIMS is committed to provide you corporate exposure as per the need of the programme. GIMS believes in training its students most comprehensively for all requirements of the corporate world. To ensure the same, we have embedded corporate interaction at different stages in our course curriculum. This corporate interaction comes in the form of (a) our talk series; named as Chanakya Talk Series (CTS), Prabodhan Talk Series (PTS): CTS invites corporate leaders leading an organization and brings a significant change in their respective organization through their visionary leadership. Whereas, PTS invites the functional managers to interact with the students, so that students can understand the corporate operations from ground operatives.

(b) through panel discussions (c) through guest lectures (d) through live projects (e) through Summer internship Programme (f) through industrial visits (g) through STRIDE Series: Stride series is a unique initiative, where the potential recruiting managers take mock interviews of the students.

These initiatives provide students of GIMS an edge during their final placements. The placement performance of GIMS over the years is a result of intense corporate involvement in PGDM courses. We are improvising these corporate interactions in terms of extensivity of knowledge coverage that is futuristic and innovative in all functional domains of management. So that the learning acquired from these interactions is valuable and sustainable.
